Perhaps YES! is the best Switchword to help get into the Vortex.

OPEN also feels good for entering the Vortex.

ALIGN may be useful to help you focus where you want to be, which in turn may help put you into the Vortex.

If you are standing far outside the Vortex, then perhaps ELATE would be good to begin to turn you in the right direction.

PIVOT also may be good for helping one who is far outside the Vortex begin to focus in the right direction as well.

So, my thoughts...

If you are not quite there YES! should bring you in.

If you are a bit farther away OPEN-YES! may be useful.

Still farther out? Not aligned with your desires? Then try ALIGN-OPEN-YES!

And if you have a long way to go, are in a very negative state, then before using ALIGN-OPEN-YES!, it may be wise to ELATE-PIVOT to begin to bring you to a space where you can come closer to aligning with your desires.
